At Ripple Affect we recognize that every action creates a reaction in others and the feedback given back from others at times is not nice.

This web site is designed to utilize the internet so that you don't need to come to any office to take advantage of our services, we can do all the work over the internet by using Skype, or ooVoo, for face to face meetings.

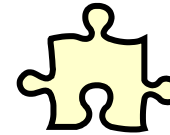

- Audio Help to get started.
- Audio descriptions of services.
- Tailor made home work for you.

There is no charge for the first hour.

I hope to use the first hour for your benefit, so you can see if we both do have a good understanding between each other, and to satisfy any questions you may have.

Internet Blog

In the Blog I have a running commentary of society in relation to Schemas and how these schemas guide society. Also information on Diabetes.

- Read postings.
- Leave Comments.
- Contribute to Postings.
- Vote on postings.
- Listen to some audio streaming.

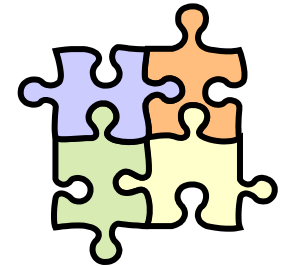

Appointments can be made Via the Email, Skype, ooVoo or by Phone.

A Calendar for availability is on the Ripple Affect Web Page.
